To whom it may concern,

I am writing to strongly recommend Jin Zhang, who worked as my assistant on two distinct editorial photography projects across three different cities. Throughout both assignments, Jin demonstrated exceptional reliability, professionalism, and a keen understanding of the fast-paced demands of high-level fashion productions.

Our first collaboration took place during a four-day editorial story for Numéro Netherlands. Jin was instrumental in ensuring the smooth execution of this project, carefully following the detailed lighting plans I provided and setting up and organizing all photographic equipment. He also managed the arrangement of props on set and assisted with moving and maintaining equipment as needed. Over the course of more than 23 hours of work, his efficiency and attention to detail allowed me to focus fully on directing the creative vision.

The second project, for a magazine I cannot disclose, further highlighted Jin's adaptability and strong work ethic. Spanning multiple locations, this assignment required him to organize equipment, set up lighting consistently across varied environments, and assist in coordinating the many moving parts of the production.

Across the nine hours he dedicated to this project, Jin was proactive, dependable, and calm under pressure, making him an invaluable support to the team.

Jin Zhang is a thoughtful, dedicated, and resourceful assistant who would be an asset to any photography or production team. His ability to combine technical skill with organizational clarity makes him stand out, and I am confident that he will continue to excel in any future opportunities he pursues.

Sincerely,
Gustavo Chams
